

## Caesars Entertainment Plans Room Enhancements In Las Vegas, Atlantic City, Gulf Coast and Tunica

More than 5,700 Significant Room Upgrades Planned For 2016 at Four Las Vegas Resorts Including Caesars Palace as well as Three Regional Resorts

LAS VEGAS – March 9, 2016 – Caesars Entertainment Corporation (NYSE: CZR) announced plans to upgrade more than 4,800 hotel rooms this year at four of its Las Vegas resorts, and more than 900 rooms at three regional casinos totaling more than 5,700 owned or managed rooms across the enterprise. This renovation effort represents approximately 20% of rooms in Las Vegas and 15% of total rooms throughout the company. At the end of 2016, following the completion of this series of room renovations, Caesars Entertainment will have updated more than 10,000 hotel rooms in the last three years.

These resort upgrades include the transformation of the original tower at Caesars Palace to create the Julius Tower as well as the refurbishment of the resort's Augustus Tower. Additional room upgrades will include Planet Hollywood Resort & Casino, Paris Las Vegas and Harrah's Las Vegas. In the regional markets Harrah's Gulf Coast, Caesars Atlantic City and Horseshoe Tunica will complete room upgrades. These investments in the infrastructure across the enterprise will enhance the company's long-term performance in hospitality.

This year of room renovations and upgrades began with the already underway transformation of the roughly 586-room original tower at Caesars Palace, newly branded as the Julius Tower, and the planned full refresh of the approximately 948-room Augustus Tower. Planet Hollywood will reimagine more than 1,294 rooms and suites; Harrah's Las Vegas plans to overhaul approximately 672 rooms of the hotel's south tower and Paris Las Vegas plans to transform approximately 1,320 rooms and suites. Caesars Atlantic City is expected to renovate nearly 274 rooms; Harrah's Gulf Coast plans to renovate 499 rooms and Horseshoe Tunica will refresh 193 rooms.

"These enhancements will substantially improve room product at four of our resorts in Las Vegas, and three regional casinos consistent with our commitment to exceed our guests' expectations," said Mark P. Frissora, President and Chief Executive Officer of Caesars Entertainment. "We are re-investing in our room product to ensure that our guests' in-room experience perfectly aligns with the extraordinary entertainment offerings we have developed and upgraded in recent years."

These room enhancements demonstrate Caesars Entertainment's commitment to the Las Vegas market and key regional markets and add to the substantial investments in restaurants and entertainment offerings made in recent years.

"Our Las Vegas properties are at the heart of the Las Vegas Strip, anchored by the iconic Caesars Palace, which is preparing to celebrate its 50<sup>th</sup> anniversary," Frissora said. "On the east side, our footprint is centered around the High Roller, the world's tallest observation wheel, and surrounded by the LINQ Promenade. With so much activity at the center of the Strip, we are excited to bring our guests these planned room enhancements."

In the past five years, Caesars Entertainment has made material investments in Las Vegas, including the development of The LINQ Promenade and the High Roller, The Cromwell, the only standalone boutique hotel on the Las Vegas Strip, the world's first Nobu Hotel, the 642-room Octavius Tower including six luxury villas, the re-creation of the state-of-the-art AXIS Theater which is home to Britney Spears, along with the opening of *Giada*, the only restaurant of the famed Chef Giada De Laurentiis.

Several Caesars Entertainment resorts in Las Vegas have recently announced new restaurants and shows including MR CHOW at Caesars Palace, which opened in December 2015, along with the debut of international superstar Jennifer Lopez at The AXIS at Planet Hollywood Resort & Casino last month.

The room and suite upgrades at all four Las Vegas hotels will include modern room designs, enhanced in-room electronics, new furnishings, and soft goods. All rooms will feature large, 50" TV's or more complete with fully refurbished bathrooms along with elevated in-room amenities and services. For example, the suites at Planet Hollywood Resort & Casino will offer a fresh design complete with retro round sleeping beds and hanging daybeds.

At Harrah's Gulf Coast and Horseshoe Tunica these room renovations will feature a fresh and new room design complete with modern wall coverings, lighting and wood finishes.

## FORWARD LOOKING STATEMENT

This release includes "forward-looking statements" intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. You can identify these statements by the fact that they do not relate strictly to historical or current facts. These statements contain words such as "expect," "will" or "plan," or the negative or other variations thereof or comparable terminology. These forward-looking statements are based on current expectations and projections about future events. Investors are cautioned that forward-looking statements are not guarantees of future performance or results and involve risks and uncertainties that cannot be predicted or quantified and, consequently, the actual performance and actions of CEC may differ materially from those expressed or implied by such forward-looking statements.

Such risks and uncertainties include, but are not limited to, the following factors, as well as other factors described from time to time in the reports filed by CEC with the Securities and Exchange Commission (including the sections entitled "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" contained therein): that all the conditions to completion of the project are met; receipt in a timely manner of all necessary governmental approvals, licenses and permits; the effects of local and national economic, credit and capital market conditions on the economy in general, and on the gaming and hotel and restaurant industries in particular; construction factors related to the project, including delays, increased costs of labor and materials, availability of labor and materials, zoning issues, and building permit issues; the ability to timely and cost-effectively integrate the project into our operations at CEC; changes in laws, including increased tax rates, smoking bans, regulations, third-party relations and approvals related to the project and CEC; and our ability to recoup costs of the capital investment of this project through higher revenues.

Any forward-looking statements are made pursuant to the Private Securities Litigation Reform Act of 1995 and, as such, speak only as of the date made. CEC disclaims any obligation to update the forward-looking statements. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date stated, or if no date is stated, as of the date of this press release.
