About the CIO 100 Awards:

Recipients of this year's CIO 100 Award were selected through a three-step process. First, companies filled out an online application form detailing their innovative IT and business initiatives. Next, a team of external judges (many of them former CIOs) reviewed the applications in depth, looking for leading-edge IT practices and measurable results. Finally, CIO editors reviewed the judges' recommendations and selected the final 100.
