OVERVIEW

A hidden gem in the heart of the Las Vegas Strip, Harrah's Las Vegas sits on 17.3 acres of land across from Caesars Palace and adjacent to The LINQ Hotel + Experience, the High Roller Observation Wheel and the Fly LINQ Zipline. Additionally, Harrah's Las Vegas conveniently offers direct access to the CAESARS FORUM Conference Center.

Following a completed investment of more than \$200 million in 2021, Harrah's Las Vegas features 2,542 redesigned guest rooms, a remodeled casino floor and two new LED marquees at the north and south entrances.

ROOMS

Following the first two renovation phases of 1,622 Valley Tower rooms in 2016 and 2018, Harrah's Las Vegas completed the redesign of all **2,542 rooms and suites** in 2020, including the **Mountain Tower** with an additional investment of \$70 million.

Designed by Marnell Architecture, the reimagined guest rooms feature bold purple and blue hues that complement the cream-colored décor, dark wood accents and contemporary fixtures. Each room offers an oversized backlit vanity station, in addition to the backlit vanity mirror in the modern bathroom. Guests can also enjoy stunning views of the city or the High Roller Observation Wheel in select rooms. Additional highlights of the suites include ceramic dark plank tile flooring, a separate

living and dining area with a wet bar and entertainment area, an oversized soaking tub and the option for two connecting bedrooms with a king bed and two queen beds. These suites are part of the Caesars Suites program, where guests can conveniently book more than 2,000 suites and villas within Caesars Entertainment's Las Vegas portfolio on one comprehensive website, caesarssuites.com.
